

## CONSULTING

CONSTRUCTION CONTRACT SOLUTIONS  
FORENSIC SOLUTIONS

- Is finding the best expert for your dispute resolution needs a constant challenge?
- Are the experts unbiased and not conflicted?
- Can the experts provide accurate quantification for costs and delays on the technical matters in dispute?
- Do you have the necessary expertise on board to engineer a successful resolution?

At 2C Consulting, we provide you with the forensic experience you can trust, from the right experts for the dispute. We are committed to providing you with unbiased, accurate and cost-effective investigations and reports tailored to meet your specific forensic needs. We deliver high quality engineering work in the following areas of expertise :

1. Structural Failure Analysis - Steel/Concrete
2. Conditional Asset Assessment
3. Defects Assessment
4. Expert Determination
5. Geotechnical Failure Analysis
6. Hydraulic Engineering Failure
7. ACMV Design Failures

Do contact us if you need forensic experts in any field and we will match your needs with the expertise of our associated consultants
